Retention Rates

National Center for Education Statistics Definition

Retention rate. A Measure of the rate at which student persist in their educational program at an institution, expressed as a percentage of first-time, full-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall.

(This section was revised on 04/02/24 to include Fall 2022 to Fall 2023 rate).

National Center for Education Statistics Definition

Graduation Rates. Data are collected on the number of students entering the institution as full-time, first-time, degree/certificate-seeking undergraduate students in a particular year (cohort), by race/ethnicity and gender; the number completing their program within 150 percent of normal time to completion; the number that transfer to other institutions if transfer is part of the institution's mission.

Transfer-Out Rate. Total number of students who are known to have transferred out of the reporting institution within 150% of normal time to completion divided by the adjusted cohort.
