

## APPENDIX A – MEDICAL AND ADVOCACY RESOURCES

### A. Medical Assistance

Individuals are encouraged to seek medical assistance for a sexual assault, domestic violence, dating violence, or any physical injury regardless of the time that has elapsed since the incident.

HINU officials or campus security can assist in transporting and navigating health services upon request. It is important to preserve any physical evidence. In the case of sexual assault, it is recommended that the individual not shower, and all clothing (including underwear) should be put into a paper bag and taken to the hospital.
